- **Next Bid.**

  Next Bid, is the feature by which bids can placed by the portal for a lot adding minimum bid increment value to the current bid amount.

  For example, here in this case the Current Bid amount is Rs.20.00 and if the user clicks the **Next Bid** button then the next bid values will be Rs.20.20 placed by the application. (Rs.0.20 is minimum bid value that is added to the current Bid value of Rs.20.00). The increments are in the order of current bid amount + 1 minimum increment.

  Confirm prompt from the user to place Next Bid is as shown in the picture below.

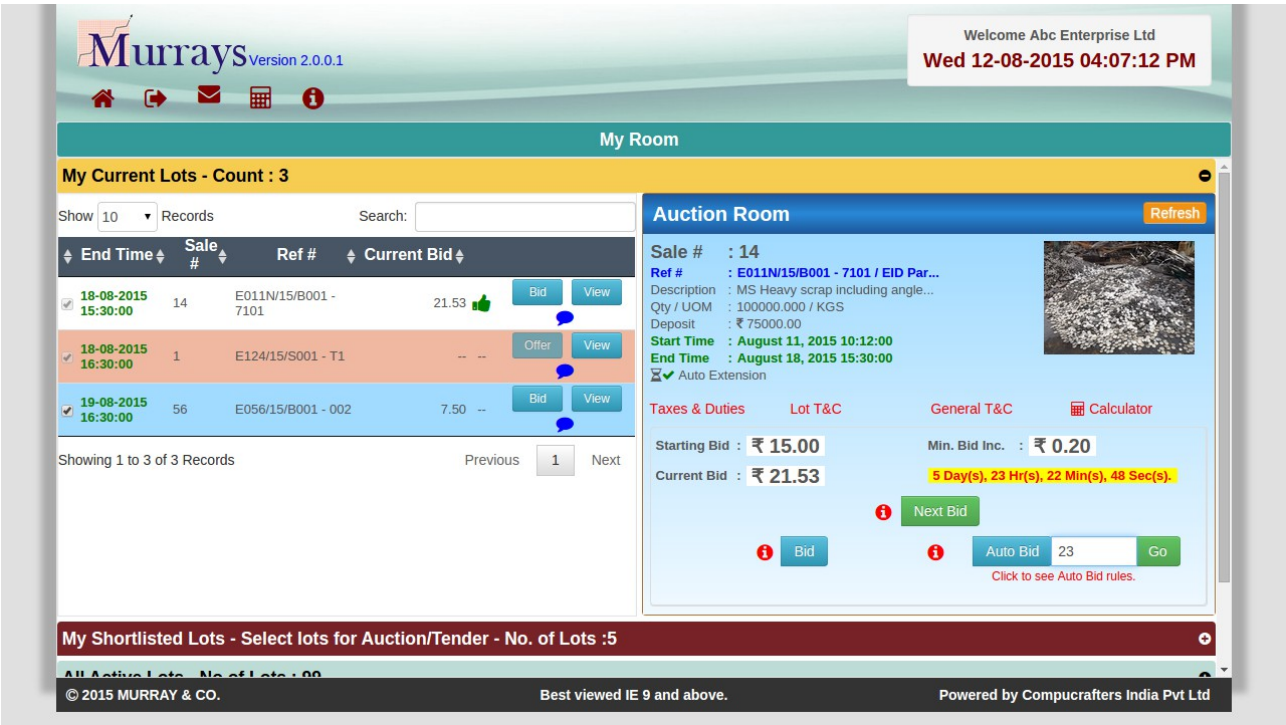
- **Auto Bid.**

Auto Bid, This is the feature by which the user can indicate the portal to place successive bids automatically up to the amount as indicated by the user against value set in the Auto Bid text box.

For example, now the user sets a value of Rs.23.00 as the Auto Bid amount in the text box and clicks the Go Button. Upon this bids are placed by the system automatically behalf of the user when the other users places competing bids. The bid increment placed behalf of the user will be in tune of minimum increment value and if the max amount is reached this will stop.

In this case bids will placed on behalf of the bidder, increments by Rs.0.20 from the current bid value until the bid value reaches Rs.23.00

The following picture shows setting of Auto Bid value.



On setting the Auto Bid amount, the following confirmation is got from the user.
